EXAMINER'S AMENDMENT AND ALLOWANCE

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laura L. Lee (Reg. No. 48,752) on December 8, 2004.

The application has been amended as follows:

Amend claim 17 as follows:

At line 1, delete the limitation "readable" and after the limitation "product" insert "stored on a computer readable medium" - -

Allowance

3. Claims 1-24 are allowed.

4. The following is an examiner's statement of reasons for allowance: as applicant properly point out, starting on page 14 of the remarks, that neither Hirayama nor Hashizume disclose or suggest enlarging the character region within a specified range when the output character images do not fit into the character region and judging whether the output character images fit within the enlarged region. Hence, and in view of applicants' arguments and in combination with all of the other elements of the claims the obviousness rejection thereof to independent claims 1, 9, and 17 is withdrawn, making independent claims 1, 9, and 17 allowable. Since dependent claims 2-8, 10-16, and 18-24 further restrict these independent claims, they are allowable also.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
